

ARE YOU MPD-READY?

AXON's total MPD-Ready package maximizes control of your wellbore's pressure profile. These packages are available in single or dual MPD system options, as well as custom-engineered per customer specifications.

- **FULLY CUSTOMIZED:** Designed to fully align with customer's specific operational goals and safety requirements
- **ELIMINATES NEED FOR RETROFITTING:** System is modularized & simplified; this also allows for faster and easier maintenance
- **AFTERMARKET SERVICES:** 24/7 on-site and technical services available, in addition to our extensive global repair and service center network

For more information on AXON's Managed Pressure Drilling options, contact our pressure products group at 713.581.2515 or email sales@axonep.com.
